A separate signature page signed by an authorized signatory will be needed for each program unit.

Required information includes:

- applicant agency name, address, and telephone number, four-digit district code;
- source and type of funding being applied for;
- beginning and end dates of the grant programs;

- fund code of grant program; and
- name, address, telephone number, and e-mail address of the applicant agency contact person.

Specific budgetary information structured in an object of expenditure or line item format and containing sufficient sub-line item information to comply with the relevant laws is required.

A grant application contains Parts I, II, and III, depending on the unique requirements of the grant program. In addition, a set of standardized schedules has been developed for the purpose of collecting supplemental information for certain programs and projects. Please refer to the Request for Proposals to determine which, if any, schedules are required to be filed with the application for funding.

A federal Statement of Assurances certification document is required for most federal grants. This document is sent to superintendents/directors in a separate mailing and is to be returned to Grants Management.

Grant recipients are advised that:

- separate and auditable records must be maintained for *each* project;
- payrolls must be supported by time and attendance records;
- salaries and wages of employees chargeable to more than one grant program must be supported by time distribution records; and
- funds must be administered in compliance with relevant federal, state, and local laws, regulations, and policies.

PART I GENERAL DESCRIPTOR INFORMATION – SPECIFIC INSTRUCTIONS

- A. Legal name and address of applicant agency.
- B. Application for program funding: Indicate the amount of each proposal being applied for in the AMOUNT REQUESTED column and enter total amount requested.
- C. The appropriate and responsible representative (i.e., the superintendent, collaborative director, or chief executive officer of an agency) must sign the certification, indicating his/her typed name, title, and the date signed. In the absence of the above named officials, an assistant superintendent or similar administrator, depending on the agency, may sign provided that he/she has been delegated this authority.

PART II PROJECT EXPENDITURES – DETAIL INFORMATION – SPECIFIC INSTRUCTIONS

The budgetary section of the Standard Application contains financial information to support project expenditures. Its purpose is to provide budgetary information, using a line item or object of expenditure format. Section II, the Budget Detail pages, requires detail information for the sublines of each project. All amounts on budget lines must be rounded to whole dollars; no cents allowed.

If the space provided on the detail page is insufficient to supply the requested information, attach additional sheets as necessary. However, please make every effort to use only the space provided. Many programs now require a budget narrative to accompany the Part II, Budget Detail pages.

There is sufficient detail in the budget format to cover most costs to be included in a project. However, all allowable items may not be listed (these can be included under line 8. *Other Costs*) and certain listed items may not be allowable under all grant programs. Refer to the Request for Proposals or contact the appropriate representative of the Department if you have any questions regarding particular costs.
